

Amendments to the Specification:

Please amend paragraph beginning at page 16, line 8 as follows:

13
Meanwhile, Fig. 8A is a sectional view taken along line III-III' of Fig. 6A. In Fig. 8A, it is noted that the overlap area between the data lines ~~[[25]]~~22 and the data electrodes 23 is remarkably reduced. Moreover, as shown in Fig. 8C, since a plurality of the common lines 25 are formed, respective overlap areas between the common lines 25 and the data electrodes 23 are increased, thereby increasing the storage capacitor.
